Shonda Moshis

FRONT END WEB DEVELOPER

shonda_0808@hotmail.com ◆ www.shondamoshis.com ◆ 705-220-7734

PROFILE

I am a Front End Developer with a passion for creating accessible websites using clean, concise code. I have over a decade of experience in the Automotive Industry which has solidified my ability to problem solve in a fast paced, high pressure environment. I am an effective communicator and am great at collaboration as well as successfully leading a team.

SKILLS

HTML5
CSS3
SASS
JavaScript
Git/GitHub
React
Trello
Responsive Design
Accessibility
Pair/Group Programming
Firebase

EDUCATION

Juno College of Technology
- Certificate in Front End Web Development
- Intro to Web Development
- Intro to JavaScript

Georgian College
- Bachelor of Applied Business in Automotive Management

PROJECTS

- **Gratitude** - This is a place to practice daily gratitude and add to a list to create an abundance of gratitude! I used React to build the app, Firebase to store the abundance of gratitude and SASS to style the app.
https://shondamoshis.github.io/shondaMoshisProjectFive/

- **My Watchlist** - This is an app where you can create lists of TV shows to watch. This was done as a group programming project. We used React to create the app, SASS to style it, an API for the TV show info and Firebase to store the lists.
